The Hanson Memorial Athletic Program shall be conducted in the accordance with guidelines outlined in the LHSAA Handbook, the District Bylaws, the student handbook, and the school administration.

Our Philosophy

The Hanson Memorial Athletic Program as part of the mission of Hanson Memorial strives to facilitate and enrich the personal growth of its student-athletes and staff, to develop the total student athlete. The Hanson Memorial Athletic Program actively promotes an environment of excellence in athletic and academic performance, sportsmanship, service, and pride. Our goal is to produce young people who have the capacity to be successful citizens in our highly competitive society. We also want students to leave Hanson Memorial with a great sense of pride in the involvement within the athletic program.

Athletes

Being a member of a Hanson Memorial athletic team is a fulfillment of an early ambition for many students. The attainment of this goal carries with it certain traditions and responsibilities that must be maintained. Athletic programs are not built overnight; it takes the hard work of many people over many years. As a member of an Interscholastic squad of Hanson Memorial, you have inherited a wonderful tradition in which you are challenged to uphold. We desire to win, but only with honor. Such a tradition is worthy of your best effort, which extends much further than the field or court you play on. When you wear the colors of Hanson Memorial, it is assumed that you not only understand our traditions, but you are also willing to assume the responsibilities that go with them. However, the contributions you make should be a satisfying accomplishment to you and your family.

- 1) **Responsibility to yourself.** An interscholastic sport is a great venue for a young person to develop strength of character. You owe it to yourself to derive the greatest benefit from your high school experiences. Your academic studies, your participation in other extracurricular activities as well as in sports, prepare you for life as an adult.
- 2) **Responsibility to your school.** Hanson Memorial cannot maintain its position as having great athletics unless you do your best in the activity in which you engage. By participating in athletics to the maximum of your ability, you are contributing to the reputation of your school. You assume a leadership role when you are on athletic team. You are on stage with the spotlight is on you more than you would ever know. The student body, the community and other communities judge our school by your conduct and attitude, both on and off the field. Because of this leadership role, you can contribute significantly to school spirit and community pride.
- 3) **Responsibility to others.** You also bear a heavy responsibility to your home, you are a reflection of your parents, their love, morals, principles, and attitude. Never waiver on your responsibility to your family and your family can be justly proud of you. The younger students in school are watching you. They will copy you in many ways. Do not do anything to let them down. Set good examples for them.

Parents

Your son/daughter has indicated a desire to participate in interscholastic athletics and you have expressed your willingness to permit him/her to compete. We believe that participation in sports provides a wealth of opportunities and experiences, which assist students in personal development. We are concerned with the educational development of these young people through athletics and feel that a properly controlled, well-organized sports program can meet students' needs for self-expression, social, mental and physical growth. It is our intent to conduct a program that is educationally sound in purpose and will enhance each student's personal growth. **A student who elects to participate in athletics is voluntarily making a choice of self-discipline and self-denial.** These are the reasons we place such stress on good training habits. Failure to comply with the rules of training and conduct means elimination from the program. This concept of self-discipline and self-denial is tempered by our responsibilities to recognize the rights of the individual within the objectives of the team. **There is no place in high school athletics for students who will not discipline their minds and bodies for rigorous competition.** We are striving for excellence and do not want our athletes to compromise with mediocrity.

Program

Our responsibilities in no particular order are as follows:

- (1) To use this platform (sports) to build a Christian within a Christian Environment. Our aim will always be to work to Glorify HIM!
- (2) To engage not entertain these young men/women
- (3) To provide adequate equipment and facilities for safety
- (4) To control the environment so we can make progress
- (5) To provide appropriate training and preparation
- (6) To provide fair contests with skilled officials.
- (7) To prepare these athletes for life after they play
- (8) Give participants rules & regulations that they must abide by in order to grow their character.
- (9) To encourage them make long term legitimate choices.
- (10) Fight the good fight against the concepts of Hedonism, Individualism, & Minimalism

ATHLETIC CODE OF CONDUCT

All athletes shall abide by a code of ethics, which will earn them the honor and respect that participation and competition in the program affords. Any conduct that results in dishonor to the athlete, the team or the school will not be tolerated. Acts of unacceptable conduct, such as, but not limited to theft, vandalism, disrespect, immorality or violations of the law, tarnish the reputation of everyone associated with the athletic program and the school.

The Athletic Department believes that students who are selected for the privilege of membership on teams should conduct themselves as responsible representatives of the school. In order to assure this conduct, coaches enforce a Code of Conduct.

- Members of teams must always serve as exemplars in high moral character and must demonstrate appropriate academic commitment, which is expected of all students.
- As recognized team players, members are expected to exhibit appropriate behavior during the season or out of season, in uniform or out of uniform, on campus or off campus.
- The school has, as one of its primary goals, academic education of all students; therefore, each coach has the obligation to encourage students to perform within reasonable academic standards.
- All student athletes are expected to be present at school.
- Rule enforcement will be consistent and immediate. School officials are not expected to police off-campus, non-school activities unless the violation is brought to public attention or is sufficiently severe to bring discredit upon the organization.

- The Athletic Department strongly believes that while in season an athlete should be committed completely to his/her team by making every practice/game during the season. The and Athletic Director can deem some absences as excused. For every absence (practice/game) that is not excused a coach may withhold an athlete for up to one game per game/practice that is missed.
- Students on out of school suspension will not be allowed to participate in athletics while they are on suspension.

Individual and team success in sports results from commitment. The extent to which young athletes are able to make such commitments reflects their maturity as well as their dedication to family, friend, school, and team. Make that commitment!

ATHLETIC DEPARTMENT POLICIES

1) **Participation** – Any student/athlete may participate on as many sports as he/she shall choose as long as his/her grades/conduct are acceptable and is in good standing .

2) **Dropping or transferring sports** – Quitting is an unacceptable habit. A quitter may lose the privilege of participating in athletics. On occasion, however, an athlete may find it necessary to drop a sport for a reason. If this is the case, the following procedure must be followed:

- a) Consult with the Head Coach of that sport
- b) Report situation to the Athletic Director
- c) Check in all equipment

If an athlete chooses to quit on his/her own accord, he/she may not participate in another sport until the completion of the sport he/she quit, including all playoff games. The player will not be allowed to rejoin the team under any circumstances. The situation may be re-evaluated at the beginning of the next year's season.

3) **Equipment** - School equipment checked out by the student/athlete is his/her responsibility. He/she is expected to keep it clean and in good condition. Loss of any equipment is the athlete's financial obligation. Uniforms/equipment must be returned in a timely manner.

4) **Missing practice** – An athlete must always consult his coach before missing practice. Missing practice or a game without permission or good reason is unacceptable and consequences will be incurred.

5) **Travel** - All athletes must travel to and from out-of-town athletic contests in transportation provided by the school.

6) **Attendance** - Athletes must have attended at least half of the school day (4 class periods, including the class period before leaving) in order to participate. Final authority for infractions of this rule will rest with the Principal. Students absent from school on Friday with a contest the following day (Saturday) will not be eligible to participate unless the principal excuses the absence.

7) **Release from class** - It is the responsibility of athletes to see their teacher the day before the classes they may miss because of an athletic contest. All work shall be made up at the convenience of the teacher. Appropriate grade sheets must be completed and turned in.

8) **Grooming and Dress Policy & BODY ART** A member of an athletic team is expected to be well groomed. Appearance, expression and actions always influence people's opinions of athletes, the team, and the school. Members of a team have made a choice to uphold certain standards expected of athlete in this community. When attending games, either home or away, all athletes must follow the dress guidelines as set forth by the Athletic Department. All teams shall dress alike when traveling on road, either school uniforms or like travel wear. All dress policies for athletes must meet or exceed the standard dress code policies of the school as outlined in the student handbook.

9) **Vacation Policy** – Vacations by athletic team members during a sport season are discouraged. Parents/athletes wishing to do so may wish to reassess their commitment to being an athlete. In the event of an unavoidable absence due to vacation, the athlete must contact the Head Coach to discuss the situation and be willing to assume the consequences related to his/her status on that team.

10) **Team Selection** - In accordance with our philosophy of athletics and our desire to see as many students participate in the athletic program as possible, we encourage coaches to keep the number of athletes necessary to balance the integrity of their sport. Time, space, facilities, equipment, personal preference and other factors will place limitations of the most effective team size for any particular sport.

11) **Reporting of Injury** - All injuries that occur while participating in athletics should be reported to the trainer and/or coach. Once a physician has treated an athlete, the athlete must obtain the doctor's permission to return to the activity.

12) **Locker Room Regulations** –

a) Roughhousing and throwing towels or other objects are not allowed.

b) Coaches and assigned players only are allowed in the locker rooms.

c) No glass containers are permitted. Food and drink are discouraged.

d) No spiked or cleated shoes are allowed in the locker room or in any other part of the buildings, including the gym.

e) NO SMUT IN LOCKEROOM, either in speech or being played on a device, the athlete endangers the apparatus playing if played in this common area.

13) **Weight Room Regulations** –

b) No one is to be in the weight room without staff supervision.

c) All students must be under the supervision of the instructor assigned.

d) Lifters must work with a partner.

e) Replace all weights on racks immediately following use.

g) Do lifts correctly. Warm up properly.

h) No chewing gum, candy, food or drinks allowed.

i) No horseplay

j) No abuse of equipment.

14) **Conflicts in extracurricular activities** - The athletic department recognizes that each student has the opportunity for a broad range of participation, and to this end, will attempt to schedule events in a manner to minimize conflicts. Students should notify the faculty sponsors/coaches involved immediately when a conflict arises.

15) **College Recruitment Policy** – In the event an athlete should be contacted personally by a college recruiter: he has an obligation to work through his coach and the athletic department. Coaches should be contacted as soon as possible.

16) **Training Rules and Regulations** – Medical research clearly substantiates the fact that the use of tobacco, alcohol, steroids and any type of mood-altering substances produce harmful effects on the human organism. You cannot compromise athletic participation with substance abuse. A student who wishes to experiment with such substances should remove himself/herself from the team before he/she jeopardizes team morale, team reputation and team success and does physical harm to himself/herself.

TO STAY IN GOOD STANDING

1) First and foremost, respect this entire program and everyone involved in it. From the youngest or perceived to be least significant player to the Head Coach or the Athletic Director Respect is the Cornerstone of Character.

2) STAY FAR AWAY from tobacco, alcohol, & drugs in any form!

a) Use of tobacco - Research emphasizes that use of tobacco is physically harmful to young adults.

b) Alcoholic beverages – There is no way to justify athletes using alcoholic beverages, even though social pressure may be hard to resist.

- c) Drugs – Simply stated, drug abuse is the consumption of any chemical substance or the smoking of some plant derivatives for the purpose of mood modification. Students with a strong sense of purpose have no need for mood modification.
- 3) Communicate with your coach about absences from practice or games.
- 4) NO STEALING of any kind; or even pranking of others by taking anything that belongs to someone else.

PENALTIES FOR VIOLATIONS

Disciplinary action will be for all offenses on a case-by-case basis.
