OBSERVANCE OF SCHOOL REGULATIONS PARENT/STUDENT HANDBOOK

Students are responsible for being familiar with all regulations in the 2026-27 Handbook. **The rules are made for the sole purpose of creating an environment conducive to the spiritual, intellectual, moral, physical and social development of each student.** It is impossible in any handbook to include all the details of what is appropriate and inappropriate conduct. Please know that the administration is committed to impartially mediating all student discipline issues, but we are often hindered by incomplete student versions of events and situations or selective truths. Our exhaustive efforts to preserve the integrity of the school's values are aided by Hanson Memorial High students conducting themselves at all times in a Christian manner. Parents, too, must respect and support our disciplinary decisions. We examine each situation carefully and act in the best interest of the student(s) and our school. Any conduct which violates the published regulations, deviates from what is generally considered good behavior, or is contrary to Christian ideals is subject to appropriate disciplinary action by authorized school personnel.

Realizing that not everything can be covered in a handbook such as this, the Administration reserves the right to interpret any rule in the handbook or to make a judgment on any situation that might occur which is not covered in this handbook.
